“ I knew Anna Pieprzyk through her sister “Ciocia Kay” who was my aunt. I lived on Newbern street and would see Anna and “Pepper” when they visited the Baranski’s for Birthday and Holiday parties. I remember her as a cheerful and fun loving person, who took a caring interest in everyone.

When I was 12 years old I spent 1 month in Henry Ford Hospital. Anna sent me a Get Well card every single day I was there and I really enjoyed getting them. It took a special person do do that and I will never forget that.

“ *Aunt Anna was such a lovely person. My memories of her are of kind, sweet, and caring heart. Aunt Anna would light up a room with her presents. She would go out of her way to help out when I visited so long ago. Just thought I would share that when I think of Aunt Anna, I think of a warm cozy blanket because she would just wrap you with good company. Always be in my heart. Love Jessica Mihalko*

“ Remembering a special Aunt who always took the time to really see how you were doing. Someone who took great care finding a gift that you would love or have meaning to you. Someone who visited me in the hospital when I had surgery a few times as a kid. She drove downtown to Children’s Hospital by herself and seeing someone familiar when my family wasn’t able to be there all the time, made a world of difference. Someone who made a point to tell me that she wanted to maintain a family connection after my Mom died and I was feeling a little lost. Someone who took an interest in my girls and cheered on their successes, prayed through their health challenges and was genuine when talking with them. Someone who always treated my husband as part of the family. I will miss our “Christmas visits” and seeing your Barbie tree, getting updates on all of your grandchildren. I am thankful that I got to see you this week and pray with you and tell you that I love you and have you tell me, “I love you more!”

“ Here are a couple photos from our 2017 u.p. trip with nana. This was her first time to the u.p. we also took her to a few mines so she could experience what her father did for work. This was a great trip we came across this car and you should of been the way she lit up with excitement, she said she used to own one of them. There are so many memories..... I love you nana, miss you already
