“ Collin,
We had so many great times during junior and senior year of high school. Going to Costa Rico with you for our senior spring break was one of the best vacations I ever had. You were one of the most easy-going, smart, honest, and real people I have ever met. You were always so easy to talk to, and always so caring and understanding. I could always count on you when I needed someone to talk to. I regret not keeping in touch with you over the past 4 years. Even though I hadn't talked to you in awhile I often thought about you. I wish I would have reached out and reconnected with you. I will be praying for your parents and family!
No parent should ever have to bury a child.

Rest in Peace Collin, you will be missed by so many!

Love Always,

“ Collin was a close family friend of mine I looked at Collin as my brother from a different family he always told me to live life to the fullest. The first time hanging out with Collin was at a family wedding and we cliqued I knew I would have a close bond. He was so talented in many ways.. I got a chance to hear him play the piano and it is something that I will never forget. You will be missed I love you rest in peace my brother. We will meet again.

“ Collin Runner was my childhood best friend. Any words I could leave here to capture a moment of that childhood could only inadequately describe how special he and his family have been in the lives of me and my family. I love the Runner family, and I regret that so much time has passed since we've sat on their back deck and talked. I am happy to reflect on those cherished memories with them, and since Collin's passing I can do nothing else but sit in bed at night remembering my old pal and wishing I had picked up the phone and dialed that number I still have memorized today. I regret that my old friend has passed without knowing how often I thought of him and how I love him, and I only hope that heaven allows him insight into the depths of my sorrow and the thoughts which now keep me up at night. We'll always be best buds, Collin.
