“ Dan was one of the best friends a guy could have he was their to give his help no matter his hands or his smarts. I cant count the times he got me out of jams. I'll never forget the easy going guy i knew, this came at a time that nobody was ready for and i wish I could just talk with him one more time. He was loved by many he made it easy. He always made me and my family laugh we all loved him and will miss him. I hope to see you again you know you were more than a friend you were family. You will be missed and loved.

“ I was so saddened to hear of Daniels passing. I have so many good memories of Daniel.
Running around the house when we were kids, I used to spend summers in Michigan visiting my grandparents which mostly meant I got to see Michelle, Daniel and Kenny. I will remember his smile and all the joking around we used to do. It isn't easy losing a loved one unfortunately I know first hand. But I can say that all those memories help keep him close to your heart until we can all meet again. I am sure he will be watching over you until then.
Love to all of you ...xoxox Tammy Arana and family

“ *Daniel and I were very close in our early years, himself and the Haran's lived across the street on poplar. We had many good times I'd go over there house on Saturday mornings and wake the whole house up lol! Although Daniel was a tad bit older I always had to stand up for him since he was on the quite side. I've been gone for many years and came back to Michigan two years ago and had spent a lot of time over at his house. They have always been like family and I'm so sorry to see Daniel go he will be missed RIP buddy*

“My name is Steve Michaels. Dan and I were best friends in 9th grade and close friends for many years after. I hadn't seen or spoken to him in 15 years. I chose a different path and there were a few friends I lost contact with because of that but I've often thought of Dan and hoped he was doing well. I have many wonderful memories of Dan. The thing I will share is the way he loved his brother. We used to walk to Dans house after school and we would always spend time talking and joking with Dans brother, who though handicapped and unable to speak, had conversations with Dan and me everyday. Dan had found a way to talk to his brother that only could have been because he spent a lot of time with him. Dan spoke about his brother very emotionally and it was easy to see he loved him dearly. He loved his family. Sometimes he had a strange way of showing it but those who knew him know that he would've done anything for his family. I have missed Dan for 15 years and I wish things could have been different, but life takes us on different paths sometimes. I will miss Dan

“Danny was the **BEST FRIEND** that my brother Mike could have ever been lucky enough to have. They had many "Adventures" and pranks that kept them (and my mother-Claudia) very busy on a daily basis. I just want to let Danny's family know just how much his friendship meant to Michael and our family. He has been over the years and will always be fondly remembered as loved by my family. With our deepest sympathy.
