“ I, like many others am extremely saddened to hear of Gary's passing. He was an energetic, fun, caring and god-fearing man. Gary and I were college roommates and shared many adventures with our friends over the years. His friends were my friends and vice versa. Gary was always upbeat and was rarely down and out, he had enough energy for our entire neighborhood. Since college we went our own direction, I ended up moved out of state. We had our usual congratulatory MSU or UM victory or concession speech and if it was a really bad loss, a text. In reminiscing with our friends over the last week there has been so many good memories including his nicknames, quirks, unmentionables, unselfishness, smile and laugh. I'm glad he was able to become the family man I knew he would thrive to be. I truly am thankful to have been his friend and to have met just some of the people in his life. Your family will always be in my thoughts and prayers and am at peace knowing you are in good hands now. I will miss you my friend. -Eric Martinez

“ So incredibly sad to hear this news. My heart and condolences go out to the Langan family. Gary was kind, funny, honest, but most of all a great friend. Gary, I wish I had more recent memories I could cherish of you. However, all of the experiences and times we had from High School and the years after will be with me forever. You were an incredible athlete and I appreciate all the leadership and skill you brought to the teams we were a part of. You made me better, as I am sure you did with everyone else you met over the years. May your happiness and joy live on with your children and family. You will be missed.

“ My condolences to the Langan family. Gary was kind to everyone. I always remember working with him at the restaurant when we were 14/15 y.o. Not only did Gary help me get this first job of mine, but he mentored me on how to do the job well, provide great customer service, and what it meant to "work hard". I've applied those principles he taught me throughout the years. Thanks Gary.

“ My thoughts and prayers go out to Gary's entire family. We were classmates together at IC from K-8. We rode the bus, played sports, roller-skated, danced, went on amazing field trips, and shared many memories throughout our time there. I've lived out of state for my entire adult life, but about a year ago my Mom ran into Gary and they chatted and he was so interested in what I was doing and how I was. I didn't know him as an adult, but I can't help but think that the kind, good-natured 14 year old I once knew grew into a wonderful, loving, caring man. I am sad for all who will miss him on a daily basis, and for his children-because I am sure he was an amazing father. My thoughts are with you all, and I will cherish the memories of that time at IC forever.

“ Gary was my best friend growing up and we did everything together. We shared life's biggest moments and he was always there for me. He was an magnificent person, he was an amazing father and he was a hard worker. I had the best childhood because of him. I'll miss his laughter, our inside jokes, our late night conversations and our unbreakable bond. He had the biggest heart and he would do anything for anyone. Gary loved taking care of others more than himself. I know there's no one to replace him, but I'll cherish the 30 years that we were brothers.

“ How many memories can you fit in 40 years and it still wasn't enough? My childhood was better just by knowing Gary. I have so many funny, embarrassing and silly memories with him. I will never forget the one time he asked for a ride home in 7th grade from the roller skating party and when mom picked us up we both raced to be the first to the front seat. Of course he won, he was always fast but he completely forgot that in sitting in the front seat he had to sit by my mom. We had a good laugh at that. Or the party at Cameron's house senior year- Gary, Nick and Mike being inseparable we hung out outside to talk when we needed some air (though I can't remember the conversation very well) and I know there were a few laughs at my expense for the condition I was in. Our class trip to Toronto in 7th grade, our 8th grade trip to Chicago and all of the dances. Our class was so tight knit and close- like siblings. We had each others backs, still do for a lot of us. At the rate of embarrassing myself, whenever I hear the Vanessa Williams song, Save the best for last, I will remember him from those fond memories at dances and rolling skating parties. But the last memory I have with him was last month when we saw each other. He hugged me and said thanks for always being a great friend. I will hold that so close to my heart because he was always a great friend to me and everyone he would meet along his journey. There are far more memories that could be shared but all of them always included Nick, Mike and Gary. That bond they shared as brothers is the reason why I wanted to send my kids to IC. I wanted my boys to have that kind of friendship. The kind of bond we all shared growing up. I will miss him so much!

“ I worked with Gary at Discount Tire for about 8 years. A great friend, coworker, and mentor to have had in my life. Competative and always chasing eachother in sales to talk a little mess in hope to better each other in both our careers and life. I could count on him to check on me at least once a week to see how life was. Absolutely gonna miss you buddy. Taken too soon and unexpected for my selfish reasons, but in the Lords perfect timing. Love you

“ I remember Gary as a boy. He was a student at I.C. He had a neat personality and was always in a good mood, ready for a laugh. He loved his family. Although it's been many years, I still can remember his beautiful smile. My sincere condolences to his family. From Mrs. "B"

“ I'm so sorry for your friends and family, and most of all your wife and kids. I met Gary when I transferred to Immaculate Conception in 3rd grade, he was one of my first friends. Well Gary and Nick, they were pretty much inseparable in those days and when you mentioned one you mentioned the other. All of the girls had a crush on Gary; looking back from an 8 year old's perspective, probably because he was so nice to everyone. Our class was tight knit, we were and mostly still are like family. Gary had me, and I'm pretty sure the rest of our class, convinced that he was going to be an NFL player; he wasn't one of the bigger kids but he was super fast and a talented sports player. Our class shared so many good laughs and memories with you; 7th grade Toronto trip, 8th grade Chicago trip, and perhaps my favorite memory of you (that I shared with my husband when I heard of your passing) that time you tried to order an O'Douls at Green Street the night of our 8th Grade graduation! I still laugh at that. You were a light in this world, and heaven is lucky to have you.

“ Gary and I shared many fun times. We played football at CMC, worked together after class, attendended CMU. Gary is so unbelievably nice and carring. Even after not seeing each other for years he would answer tire questions for me. Our faith confirms that Gary is where he needs to be with the Lord. I am forever blessed knowing Gary. His character is a fine example of who we should try to be. Ready Ready Hit.
