“ Very sad to hear about this earthly loss of such a wonderful, kind and passionate man. My thoughts and prayers go out to his family and close friends. I remember first meeting Jack at Detroit Diesel. It was ~2001 and I was a young engineer just fresh out of college. From our first encounter, to the last, he always greeted me (and everyone) with a HUGE smile. He had a superior talent for making others feel warm and welcomed in his presence. He always aspired to learn, to grow, to teach, to give back, and was an inspiration to me for decades. Jack, it was a great pleasure to have known and worked with you. May you rest in peace, my friend.

“ Wow. Such sad news. Jack was a teacher for me since 1996. He was kind, patient, ambitious, and could break a situation down to the clearest pieces. His integrity is an example to all. He will be missed.

“ Jack was one of the kindest people I have worked with. Such a soft gentle nature that was reassuring to a new young engineer like myself when I was starting out. Rest in peace Jack, anyone who knew you was better for it.

“ I worked with Jack for many years at Detroit Diesel. In fact, I wouldn't be a part of the Daimler family without Jack because he recommended me as a new hire back in 2004. Thank you my friend. Rest in peace.

The void in my heart for my friend Jack is hard to explain. I have known Jack for almost 30 years. His smile will be truly missed. Always willing to help you with anything. So many fun business trips we have had. I will miss our dinners at Roger's Roost every few months. Rest in Peace my friend.
