“ *Keith my big brother, always and forever supporting me and letting me know that he was there for me no matter what. Always letting me know that I was his little sister, no matter how old we were getting, and he would be there for me with anything that I needed. He was truly a good and special man. I will miss you big brother so incredibly much.*

I love you.

My brother Keith was the most caring, generous and loving person. He was always interested in each of our lives and he wanted to know the latest happenings.

Always the peacekeeper, he believed drama was a waste of time and a burden on relationships.

He helped whenever he could...offering support or a listening ear and was often found at family gatherings helping to set up or clean up or picking up the check.

He loved nature, being active and preferred being outside regardless of the weather. I can remember so many times calling him (or receiving a call from him) to find that he was up north in the middle of winter snowshoeing, camping or x country skiing and during the summer on long road bike trips (cycling). He and my brother Paul encouraged my love of road cycling.

I loved when he came out for a visit. Whether I was in Arizona or California, we always had a great time exploring the sites together. I have so many memories of him. I loved spending time with him just walking outside and talking or going for a run together on a beautiful spring day in Tucson.

When I got out of the Army and moved to Tucson, I felt guilty about being so far away from Mom and Dad who were getting older. I will always remember his words to me...he said, Carol, don't worry about that...that's my job, I have it covered. I want you to keep going after your dreams and making a difference in the world.

Thanks so much Keith for being there for me and for all the memories.....from the time you were a teenager giving me the nickname Sarge (after Sergeant Peppers Lonely Hearts Club Band) till just a few weeks ago when you listened to my woes about the new house.

Thank you for encouraging, supporting and looking after all of us. I love you and miss you so much.

Your sister, Carol

“ *Keith was such a wonderful man and he loved his family very much. He used to come over to my desk at Aon and visit often. Later when we were no longer working there, he volunteered at a soup kitchen and food pantry that I worked at. He was always looking for ways to make the world a little brighter and better. My heart and prayers are with all of you as you cope with your loss. May the peace of Christ Jesus be with you and carry you through the days ahead. God bless you!*

“ Keith would stop by the reception desk at least once a day to say hello. He was an avid baseball fan and talked about his volunteer work at Gleaners. Veronica and I tried to get him to play euchre with us but he thought we were too good for him to play (little did he know). We never gave up trying.

My thoughts and prayers go out to his family whom he loved very much.

“ To Keith's family,
I worked with Keith at Aon. He was always very polite and kind. We talked of music one of the last times we chatted and he was going to come out and see my husband play the next time his band jammed. I looked forward to that and am very sorry he didn't get to join us. The receptionist at Aon, Mary, and I were also trying to get Keith to play Euchre with us. He was so funny and because we sounded a little "cut-throat" in playing, he said we intimidated him. Little known fact, he would have probably beat us royal. I will miss Keith. You all have my deepest sympathy.

“ Keith has been a friend for over 50 years since we moved to Warren as kids. We graduated from Cousino High School in 1971. He was in my wedding party in 1976. I will miss meeting him for lunch and talking to him. He was always willing to help people.
