“ Dear John, Tommy and Matthew, I very saddened to hear of Marks's passing, we were great friends growing up and shared many adventures in our young lives .I also want to offer my condolences on the passing of your father John Sr. He attended my father's funeral at St Martins in 2018 and we spend some time together then, he was a kind gracious man. I remember your Mom Gloria fondly also and remember all of you from hanging around with Mark and his red fender mustang. He was a very talented guitar player, I was always jealous of his talent. I'm not surprised to hear he remained a "car guy" , we all were back then. I hope Mark led a happy life , even though we didn't remain close I still thought of him often. I'm sorry I was unable to attend today but wanted to reach out and say Hi and offer my condolences on your loss. Sincerely Tom Currie . thomasdcurrie58@gmail.com
