“ I will miss seeing Bob working in his yard, the short conversations filled with succinct and frank observations. He was a good person that will be missed.

A neighbor

“ I'll always remember Bob as a young man full of happiness and a quick smile. In my eyes as a young girl the "boys" David, Kiki, Bob, Joe..... were the greatest. I'll always keep him in my heart as a part of the Makowski clan.....

“ It was always an honor it see Bob , never did I hear him complain, he never had a bad word to say about anyone and he was always in a upbeat happy mood.

He told you his opinion on any subject-a straight shooter..I loved that about him.

There will always be a void at family gatherings... the card table..on the soft

and hard waters of L.S.C. , and in the hearts of everyone he met.

May Peace Be With You.

“ My entire life Bob was more like an uncle than just a friend of the family to me. Exceptionally witty and intelligent, kind, warm-hearted, the salt of the earth. I never heard him speak an unkind word about anyone....ever. I will miss him deeply and cherish all the memories I have of him. I am sure he is already in an intense game of pinocle with Dave and Joe Mak.

Rest in peace, Uncle Bob.

“ I will always remember Bob as a true gentleman. Bob always greeted me with a warm handshake and smile, and sincere interest in how I, as well as my family, was doing. From family gatherings as a young child, in high school years playing tennis at Wimbledon Racquet Club, and through my adult years fishing on Lake St. Clair, I always looked forward to seeing Bob. I'm going to miss you out on the ice the winter, my friend.

May you rest in peace,

Paul Kondrat
