“ *Worked with Sgt. Tinnette at the Memphis Gas Storage Facility as Local 58 electricians...His D.I. routine kept us all in stitches and his cardboard "moral meter" kept the crew engaged and entertained..Hard working and smart..I was stunned when i heard his sudden passing..made no sense to me..till i hear recently of the toxins at Camp LeJeune. Rest In Peace buddy gone to soon.*

“ I have a touching memory of Steve-It was a warm sunny day (and Bay-Rama might have been going on) in New Baltimore. Paul and I were driving through town and I spotted Steve on the sidewalk with his three young kids. I will never forget the smile on his face, the joy in his step, and the obvious love in his heart. Love Always Steve,

“ I want to write about the man, and the wonderful friendship he shared with my husband and my little brother. He always kept in contact with Mike until a few weeks before he left this world. It was a special bond between the two that I cannot even explain. All the crazy things they would do. It would make you wonder how they did not get caught or hurt themselves. Then there was my little brother Arthur, who also suffered with kidney disease just as Steve did. When Steve would come here to visit him, Arthur's face would light up. He fondly nicknamed Steve, "The Logger" and to this day we still call Steve that. I also want to acknowledge the dedication and sacrifices that Steve's parents made these last years. It is a hard road but the love of being a parent makes it easy to do. God will remember you. Denise and Doug thank you for watching after them. Steve I will miss you and always remember the kindness you extended to me in my time of need. You will be always in my heart. Rest in peace my friend and you and Arthur try to stay out of trouble in heaven.

“ We will all miss Steve, especially his joking around. I will really miss our late night conversations and laughs up at the cabin. Sure made it hard to get up early for fishing or hunting. But was worth every minute. He fought a great fight and was tougher, than any man I know, to go through what he did. We loved Steve like a brother and are very proud to have known him. Sleep in peace! Jim & Joyce

“ Steve was a warrior with a heart of gold. He loved kids. I made a stained glass window of a Cowboy riding off into the sunset. His gear is the color of carhardt's. My grand baby was in the kitchen. In comes Steve. She screams it's the Cowboy in the picture!!! It was the sweetest moment. He was all smiles. I called him Cowboy after that. So funny. He used to call my Boston Terrier baseball head. I love you Steve, Frank and I will never forget the good times we had. Hank Williams junior concert, Byron and the chain saw, the owl you encountered in the rafters and how you were allergic to birds. Dude we are gonna miss your calls every week. You got it, I want it, go get it.

“ The most memorable moment was of course something funny when we were children. Steve and I were paired up in square dancing in 5th grade gym class. He decided to put clay on the inside of his hand, so when he had to hold my hand, my gross girl germs wouldn't contaminate his hand. I will remember him as one of the funniest people I have had the pleasure to know. RIP Steve, you are gonna make heaven an even better place to be💔

“ I remember at Birthday parties growing up, after singing Happy Birthday, he would always sing his own version of the Polish song Sto lat. He always sang Yomma Yomma Jing Jing (or some made up words along those lines instead) haha! I have so many memories of Uncle Steve while growing up and each one makes me burst out laughing. Such good times. He'll definitely be missed <3 Katie Luczak (Borucki)
